

Kindle Automation

You have a lot to do to have a best-selling Kindle book. Realistically, you are way better off spending a few dollars to automate the process as much as possible. Following are some automation suggestions. (NOTE: I have not personally used most of these services. They have been recommended to me by people who have used them. If you are not satisfied with results, be sure to request a refund.)

CONTENT CREATION

1. \$3.50 per 500 word article; Decide on 8 topics for your ebook. Order 1 article per topic = 8 articles = \$28.

<http://ineedarticles.com/>

2. Google search: "(keyword) plr". Example:

<http://www.exclusiveniches.com/nutrition-plr-articles.html>

For \$8.95, you get these titles, each between 400 & 500 words:
